COMPANY HISTORY & BACKGROUND

Building on Experience, Growing for the Future

MEEKA FOR STONE AND MARBLE TRADING AND INSTALLATION LLC has its roots in Qatar, where its business activities in the stone and marble sector began in 2018. From the outset, the company's core specialization has been the supply and installation of various types of natural and artificial stone and marble for architectural, construction, and finishing projects.

As part of its business development and regional expansion, the company was officially established in the United Arab Emirates in **Novemþet 2024**, continuing its focus on **stone** and marble works and seeking to strengthen its presence in the regional construction market.

Since the beginning of its operations, MEEKA has focused on providing stone and marble supply and installation solutions, with attention to project requirements, workmanship, finishing quality, and compliance with approved specifications.

Looking ahead, MEEKA aims to expand its business opportunities across the UAE and regional markets, develop long-term professional relationships with contractors, consultants, and real estate developers, and contribute to projects that combine architectural appeal with quality exeɑtion.

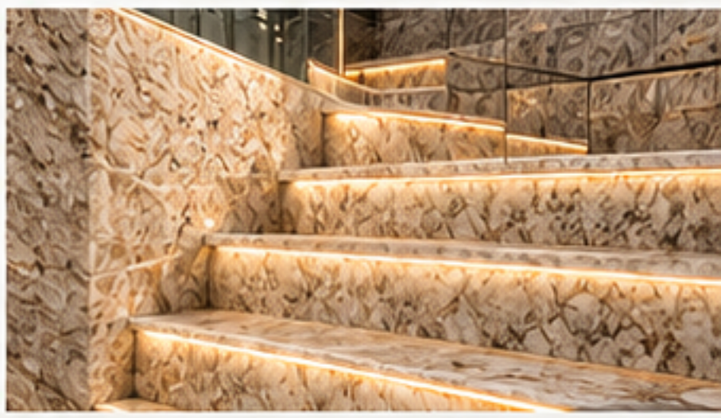

> *Our foundation is built on specialization, quality, and a commitment to the requirements of every project we undertake.*

NATURAL & ARTIFICIAL STONE MATERIALS

Premium Materials. Endless Design Possibilities.

At MEEKA FOR STONE AND MARBLE TRADING AND INSTALLATION LLC, we provide a wide selection of natural and artificial stone materials to meet the diverse requirements of residential, commercial, and architectural projects.

Our material solutions combine natural beauty, durability, functionality, and design flexibility, with a variety of colors, patterns, textures, thicknesses, and surface finishes.

NATURAL STONE COLLECTION

MARBLE
A premium natural stone with elegant veining and timeless beauty. Ideal for flooring, wall cladding, staircases, and luxury finishes.

GRANITE
A strong and durable natural stone with a wide range of colors. Suitable for flooring, staircases, countertops, and exterior applications.

TRAVERTINE
A natural limestone with warm tones and unique texture. Commonly used for wall cladding, flooring, facades, and decorative elements.

LIMESTONE
A versatile natural stone with subtle textures and elegant neutral colors. Suitable for facades, interiors, flooring, and architectural finishes.

SANDSTONE
A natural stone with earthy colors and textures. Widely used for exterior cladding, landscaping, and decorative applications.

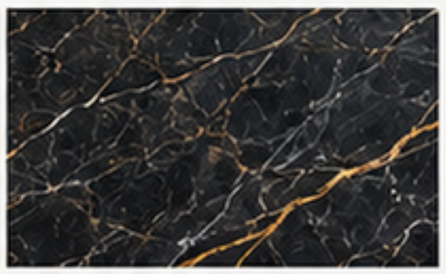

ARTIFICIAL & ENGINEERED STONE COLLECTION

ENGINEERED QUARTZ
A high-performance manufactured stone with consistent colors and non-porous surface. Ideal for kitchen countertops, bathroom vanity tops, and interior applications.

ARTIFICIAL MARBLE
A manufactured marble-look material offering decorative finishes with a consistent appearance. Suitable for interior cladding, vanity tops, and decorative applications.

SINTERED STONE
A high-performance surface available in large formats and various finishes. Suitable for countertops, wall cladding, furniture surfaces, and other architectural applications.

AVAILABLE SURFACE FINISHES

POLISHED
Glossy, reflective surface.

HONED
Smooth, matte appearance.

BRUSHED
Textured surface with a natural look.

FLAMED
Rough, slip-resistant texture.

SANDBLASTED
Uniformly textured surface.

BUSH-HAMMERED
Heavily textured finish for exterior applications.
